

Hood's Saved Their Lives

Poisoned by Impure Water
Now in Good Health, Lively, Happy

Eva, Carroll and Lily Brown
Stowe, Vermont.

"C. I. Hood & Co., Lowell, Mass.:
"Gentlemen:—Last winter, my two girls, boy and wife were taken ill. The doctors said they were poisoned by drinking water from an old well. The two girls failed to rally under the doctor's treatment. Eva, aged four years, fell away so she only weighed 18½ lbs.; coughed all the time and was helpless. Physicians said she had Consumption.

Lily, aged eight years, was nearly as bad as Eva but being older and stronger, held up a little better. We gave them both Hood's Sarsaparilla, which built up their strength and health finely so that they became fat and plump, lively and happy. My son Carroll was in a bad condition, having a bad cough and very weak. He was obliged to lie down most of the time. One bottle of Hood's Sarsaparilla put him on his feet and restored perfect health. I believe Hood's Sarsaparilla saved my children's lives."

Hot Weather Headaches

Are mostly due to the Eyes.

The intense heat and glare of the sun weakens (often permanently injures) the sight. A pair of suitable glasses will remedy this.

A scientific examination will tell you what glasses are best suited for your eyes.

IT CAN BE CORRECTED

WHERE THERE IS A SLIGHT ERROR IN EXECUTION.

Supreme Court Ruling on Civil Process—Other Decisions Handed Down—A Receiver.

The Supreme Court has decided the matter of J. F. Hackfeld, et al., vs. F. Ludovico, an appeal from an alias execution for the sum of \$75.30. Exceptions of defendant are overruled. The Court establishes: "Where an execution was issued and returned satisfied, and thereafter it appeared that the execution was issued by mistake of the clerk for a smaller amount than notice and motion, allow an alias execution to issue for the balance of the judgment."

Kaulukou and Peter Nunes, Kakao and Henele Kualii vs. Yim Quon, ejectment, was decided by the Supreme Court today. The defendant excepted to the findings of the lower court and moved for a new trial. This motion was denied, and appeal was taken to the higher authority. The exceptions are overruled. Magoon and Edings for plaintiffs; Neumann, Doie and Davis for defendant.

It has been stipulated between litigants in Harrison, et al., vs. Bruns that the cause may be heard and decided in vacation within the next fortnight as to term time and submitted on briefs.

Upon the petition of M. Phillips & Co., W. F. Wilson has been appointed temporary receiver of the estate of the late Akana under \$5,000 bonds.

H. H. today began damage proceedings against Mr. Shaw, tax collector, to recover the sum of \$1,000. Plaintiff thinks he suffered that much for being arrested and locked in the station house for personal taxes on February 27 last, the same having already been paid. The case will come up before the August term.

W. F. Wilson has filed his bonds, \$5,000, and qualified as temporary receiver of the estate of the late Akana of Kona. Sureties are Thomas Rain Walker and Theo. F. Lansing.

David Dayton, administrator of the estate of Narcisse Perry, is suing C. L. Hopkins and W. Larsen to recover the sum of \$696.85, claimed to be due on a note. The note was executed on April 12, 1890, and was for \$2,000. A. P. Peterson was the maker and the two defendants were sureties.

Ex-Judge A. N. Kepoikai and others have begun an ejectment suit against the Hilo Sugar Company.

Knights of Pythias.

Members of Cour de Leon lodge, Hannibal, deposit 10 cents each meeting night in a fund to be used as a benefit fund when a member falls ill.

The order is active in the grand domain of Missouri. Many new lodges are under way.

To a very large proportion of the membership of the Knights of Pythias the endowment rank should be a boon.

Let the outside appearances of the Order of Knights of Pythias—the many demeanor and conduct of its members, their fair dealings between man and man, their shunning of crime and the vices—do the rather disagreeable task of soliciting members.

The rank of past chancellor is an honor to any man, no difference how high his standing may be.

Chemical Work at Low Temperature.

It has been suggested that many of the failures to achieve satisfactory results in chemical work have been owing to the high temperature in which the experiments were conducted. A chemist who has been working on this idea affirms that while experimenting in extremely low temperature one obtains results which are not only satisfactory, but surprising, some of them producing entirely new combinations and making possible investigations hitherto undreamed of. Absolutely new elements may be developed under such conditions.—New York Ledger.

Soul Culture.

Lillian Whiting, visiting the "Latin quarter" of Boston, tells of asking a daintily gowned young woman sitting in a club parlor if she believed in thought transference. "Oh, I am far beyond that," she replied airily. "I am in the sphere of intense vibrations." Every boy who has stolen the pie and has afterward served as buffer for the maternal slipper will appreciate the meaning of the sphere of intense vibrations.—Minneapolis Journal.

Experience enables me to depose to the comfort and blessing that literature can prove in seasons of sickness; how powerfully intellectual pursuits can help in keeping the head from crazing and the heart from breaking.—Thomas Hood.

SLICED LEWIS BACON.

Lewis Boneless Breakfast Bacon THIS BACON
is the finest in the world. Nothing equals it for mildness of cure and delicacy of flavor, and when sliced to perfection, nicely cooked and daintily served it fairly "melts" in the mouth, and is so much superior to other brands that there is absolutely no comparison. A moment's time and a chafing dish will convince you.
being sliced thinner and more evenly than is possible in the ordinary household, giving more slices to the pound, and there being absolutely no waste, is really AN ECONOMY. AS WELL AS A LUXURY. In key-opening tins of one-half and one pound each. Order a pound box from us, we guarantee you will be pleased with it.
